

Dutch International Flute Competition

For bachelor and master students, young talents and piccolo students

List of compulsory pieces 2025

Information about your video recording in the preliminary round:

The preliminary rounds of the competition take place online. Please send a link of your videorecording to: secretaryflutecompetition@gmail.com **before February 1st.**

- You are requested to submit one **single, unedited videorecording** with your pieces for flute and piano and your piece for flute solo
- The three pieces (two pieces for the young talents) may be recorded at different times and/or locations and at a later time linked up to **one video**.
- You must not exceed the **performance time** of including the breaks in between.
- You must record from a fixed camera standpoint, with horizontal image and a **frontal point of view**. Ensure that the piano and the pianist can be seen also.
- You should ensure the video is filmed indoors and has a **neutral background**, without visible personal belongings.
- You start your video recording by clearly mentioning in English **your name and the pieces** you are going to play.
- If you have given us permission, your video recording may be **published** on our website and our social media on March 1st onwards.

From February 1 through March 1 our adjudicators will adjudicate the video recordings. Rating scores will be given for both **musicality and technique**. Each participant is adjudicated by 3 adjudicators. They will give points from 6 to 10 and up to 1 decimal each. The maximum score will therefore be 60 points. The highest total scores determine who will be shortlisted for the next round.

No later than **March 1st** you will receive an e-mail whether or not you are shortlisted for the next round and in which range of rating you have ended in the preliminary round. Each individual adjudicator will write down some feedback on which you might study in the future.
